

#TogetherAgainstCyberbullying

Second European policy, research and practitioners Forum

December 2022 marks the end of the KID_ACTIONS project which is why we are organising the second edition of KID_ACTIONS EU Policy, Research and Practitioners Forum. The second Forum will take place on 22 November 2022 in a hybrid format. The event aims at accommodating the participation of stakeholders present onsite at the Representation of the European Region Tyrol – South Tyrol – Trentino in Brussels (Belgium) or participating online.

The second edition of the forum will bring together key policy makers, researchers, industry partners and practitioners working on securing a safer and more empowering digital environment for children and young people. The forum will take a dialogic form in which key outcomes, findings and tools of the project will be presented. Participants will have the opportunity to engage in interactive sessions during which they will be able to provide input and share best practices. We aim to engage with youth representatives, policy makers from the European, national and local level, civil society, education experts, and industry representatives. The Forum serves as 2 the final event of the KID_ACTIONS project and will provide opportunities to a variety of stakeholders to learn about the project's findings and key outcomes.
