

Part of the strategy "Honouring Achievement, Rewarding Excellence and Promoting Continuity"

The EFL Mixed ability classroom - Mixed ability or Mixed blessing?

Our teacher support events are designed for language educators who are already preparing or are planning to prepare their students for a Trinity exam.

Teachers will be invited to engage in conversations on themes that are at the heart of the Italian school system and which have always been near and dear to Trinity:

- motivating students in their learning pathways;
- planning continuity between school cycles;
- teaching language skills that are authentic and relevant;
- exploring opportunities and challenges presented in the mixed ability language classroom.

We are bringing to you a new and innovative way of working together, with the aim of developing a real and proper Community of practice. The Trinity Café, also available on SOFIA, is a place where language teachers and educators can share their experiences and learn from each other, a place for those new to Trinity to ask questions, and a place for us all to experience deep and meaningful conversations about those things that really matter to us. We have chosen to host our Trinity Cafés in Italian schools in our commitment to reach out to all teachers, in every province of Italy, so that we can learn and share from each other. Take away resources will be made available to all teachers participating in our Trinity Cafés.
